1. School Features

1. About the ARC Group

The ARC Group was founded in 1986 November, based on the principle of, through Japanese language education, developing individuals capable of contributing to society. “ARC” carries the meaning of “a bridge (arch)”, “articulation”, “realization”, and “contribution”. Our educational ethos is development of individuals who make proactive connections with people and society, and contribute to society through self-realization.

2. Features of the ARC Group

(1) ARC Academy Shinjuku School

ARC Academy Shinjuku School is a Japanese language educational institution with a student capacity of 320, located in an easily accessible business district of Tokyo, where a large number of other companies and commercial facilities can be found. Students from a wide variety of countries study at this school, creating a rich international atmosphere. There are students of over 30 different nationalities at the school at any given time. ARC Academy Shinjuku School offers Academic Preparation Course, Employment Preparation Course, and Japanese Language & Culture Course. For realizing students' post-graduation goals, it provides Japanese language education and career support which is necessary for each student's purpose.

(2) ARC Tokyo Japanese Language School

ARC Tokyo Japanese Language School is a Japanese language educational institution with a student capacity of 640, is located in the calm and easily accessible Bunkyo Ward, Tokyo. Students from a wide variety of countries study at this school, creating a rich international atmosphere. There are students of over 30 different nationalities at the school at any given time. This school offers Academic Preparation Course and Employment Preparation Course. For realizing students' post-graduation goals, it provides Japanese language education and career support which is necessary for each student's purpose.

(3) ARC Kyoto Japanese Language School

ARC Kyoto Japanese Language School is a Japanese language educational institution, located in the calm Nakagyo Ward, Kyoto city, Kyoto Prefecture, and has a student capacity of 400. Students from a wide variety of countries study at this school, creating a rich international atmosphere. There are students of over 30 different nationalities at the school at any given time. This school offers Japanese Language & Culture Course, Academic Preparation Course, and Employment Preparation Course. For realizing students' post-graduation goals and understanding of Japanese culture, it provides Japanese language education and career support which is necessary for each student's purpose.

3. Features of Japanese Language Education

The study of Japanese involves more than simply memorizing language knowledge: smooth communication with others through Japanese language is our ultimate goal. Our lessons employ exercises requiring cooperation, such as group work, to develop students' logical thinking ability and problem-solving skills. Through work concerning Japanese society, culture, and the local area, students polish their ability to think with the language. Students also acquire skills needed to continue their proactive studies even after graduation.

4. Support for career following graduation

Homeroom teachers hold regular individual counseling sessions etc. with their students and offer detailed support based on their career needs. For students who wish to pursue higher education, opportunities to have the school reference system are also available.

Students who wish to seek employment in Japan are able to do so with the help of Employment Support Office. Provision of information related to job hunting, in-school company seminars, and support for matching to company are all offered.

5. School Events

Through experiences held outside the school such as Sports Day, the Joint Speech Contest, and class trips, as well as opportunities to interact with local people, and events held at the school throughout the seasons (cherry blossom viewing, exchange event, Christmas party, etc.), students are provided a wide array of events to enjoy.

6. Scholarships

Students with superior grades and attendance are able to apply for scholarships such as “International Students Admission Promotion Program (JASSO)”, the “LSH Asia Scholarship”, and the “Kyoritsu Maintenance Scholarship” through the school. The school also offers its own perfect attendance award.

7. School Facilities

All classrooms are equipped with a PC, monitor, and whiteboard, and some classrooms are equipped with electronic whiteboards. A library, infirmary, and student lounge are also available, allowing students the freedom to self-study, spend time with friends, enjoy meals, and more. Books in the library are available for rent. Wi-Fi is available throughout the building.

8. Support for Daily Life and Multilingual services

In order for students to live comfortably in Japan, staff in charge of student guidance support their life during their time enrolled. English, Chinese, Korean, Vietnamese, and Burmese language support is available. Students can individually consult with staff regarding studies, everyday life, part-time work, and their future careers at any time.

2. Japanese Language Courses Introduction

■ Academic Preparation Course

This course is designed for those who aim to pursue higher education at a university, graduate school, or vocational school in Japan.

Depending on the type of school the student wishes to enter (university, graduate school, vocational school), support is offered for Examination for Japanese University Admission for International Students (EJU), writing research plans, and Japanese Language Proficiency Test (JLPT) .

■ Regarding fees and refunds upon cancellation of contract

- ① Application fees and registration fees already paid cannot be refunded.
- ② The first tuition fee is paid at the time of enrollment, and the second tuition fee is paid as the remaining amount of tuition as determined by the course length, by the end of the month two months before the applicable lessons begin. In special cases where permission is granted by the school principal, tuition may be paid in six-month installments.
- ③ Tuition fees are to be paid by the designated deadline. The student will not be permitted to maintain their enrollment if tuition fees are not paid on time.
- ④ If cancelling enrollment, notify the school by email or other written means no later than the day before the first day of that academic term (the 1st of the month of school enrollment). In this case, tuition fees and extracurricular activity fees paid, excluding application and registration fees, shall be refunded in full.
- ⑤ If an application for cancellation of enrollment is submitted on or after the first day of the applicable academic term, the tuition fees equivalent to the period from the first day of the term until the final day of the term to which the cancellation notice belongs shall be withheld as a penalty. Any prepaid tuition fees for subsequent academic terms shall be refunded after deducting the lesser of either 20% of those prepaid tuition fees or 50,000 yen as a penalty. Fees paid for extracurricular activities, however, cannot be refunded.
- ⑥ If withdrawing from the course after enrollment, withdrawal documents must be submitted by the final day of the academic term from which the student wishes to withdraw. Upon receiving approval from the school principal, prepaid tuition fees for subsequent academic terms shall be refunded after deducting the lesser of either 20% of those prepaid tuition fees or 50,000 yen as a penalty. Fees paid for extracurricular activities, however, cannot be refunded.
- ⑦ In cases where a student is expelled due to breaking the law or breaking school rules, fees paid shall not be refunded.
- ⑧ In the event that lessons are cancelled due to natural disasters, accidents, outbreak of infectious diseases, etc., classes may be cancelled for the safety of students. In such cases, tuition fees for the cancelled lessons will not be refunded. The school will, however, hold lessons online or otherwise compensate for cancelled lessons to the best of its ability.
- ⑨ Refunds for tuition fees will be processed only after verification of certain conditions: prior to enrollment, confirmation of the return of the Certificate of Eligibility (COE), cancellation of the visa, or the student's return to their home country; after enrollment, confirmation of the student's future plans after withdrawal. In such cases, the school will require documentation supporting the applicable aforementioned information to be confirmed.
- ⑩ Any bank transfer fees that occur at the time of refund are to be paid by the student.
- ⑪ Course materials vary depending on the course enrolled in. Course materials may be purchased at the school at the beginning of the academic term. As a rule, course materials may not be returned once used.

■ Regarding fees and refunds upon cancellation of contract

- ① Application fees and registration fees already paid cannot be refunded.
- ② The first tuition fee is paid at the time of enrollment, and the second tuition fee is paid as the remaining amount of tuition as determined by the course length, by the end of the month two months before the applicable lessons begin. In special cases where permission is granted by the school principal, tuition may be paid in six-month installments.
- ③ Tuition fees are to be paid by the designated deadline. Students will not be permitted to maintain enrollment if tuition fees are not paid on time.
- ④ If cancelling enrollment, notify the school by email or other written means no later than the day before the first day of that academic term (the 1st of the month of school enrollment). In this case, tuition fees excluding application and registration fees, shall be refunded in full.
- ⑤ If an application for cancellation of enrollment is submitted on or after the first day of the applicable academic term, the tuition fees equivalent to the period from the first day of the term until the final day of the term to which the cancellation notice belongs shall be withheld as a penalty. Any prepaid tuition fees for subsequent academic terms shall be refunded after deducting 20% of that remaining amount as a penalty.
- ⑥ If withdrawing from the course after enrollment, withdrawal documents must be submitted by the final day of lessons of the academic term from which the student wishes to withdraw. Upon receiving approval from the school principal, prepaid tuition fees for subsequent academic terms shall be refunded after deducting 20% of that remaining amount as a penalty.
- ⑦ In cases where a student is expelled due to breaking the law or breaking school rules, fees paid shall not be refunded.
- ⑧ In the event that lessons are cancelled due to natural disasters, accidents, outbreak of infectious diseases, etc., classes may be cancelled for the safety of students. In such cases, tuition fees for the cancelled lessons cannot be refunded. The school will, however, hold lessons online or otherwise compensate for cancelled lessons to the best of its ability.
- ⑨ Refunds for tuition fees will be processed only after verification of certain conditions: prior to enrollment, confirmation of the return of the Certificate of Eligibility (COE), cancellation of the visa, or the student's return to their home country; after enrollment, confirmation of the student's future plans after withdrawal. In such cases, the school will require documentation supporting the applicable aforementioned information to be confirmed.
- ⑩ Any bank transfer fees that occur at the time of refund are to be paid by the student.
- ⑪ Course materials vary depending on the course enrolled in. Course materials may be purchased at the school at the beginning of the academic term. As a rule, course materials may not be returned once used.
- ⑫ Extracurricular activity fees for the Japanese Language & Culture Course (¥ 10,000/year) are to be paid together with tuition fees. As a rule, extracurricular activity fees already paid cannot be refunded. However, if enrollment is cancelled in line with Item ④, extracurricular activity fees paid for the 1st year shall be refunded, and if withdrawing from the course by the end of the final day of lessons on the 1st year in line with Item ⑥, extracurricular activity fees for the 2nd year shall be refunded.

7. Life in Japan

1. Living Expenses

The average monthly cost of living, including food, housing, and utilities, ranges from approximately 100,000 to 150,000 yen. Please note that securing housing requires initial fees such as key money (reikin) and a security deposit (shikikin) in addition to rent. Students also need to purchase a commuter pass for travel to school. Students enrolled at the school are eligible for student commuter discounts. However, please be advised that for the ARC Academy Shinjuku School, this privilege applies exclusively to Toei Subway lines.

It is recommended bring at least 400,000 to 500,000 yen upon arrival to cover immediate living and setup expenses. It is worth noting that many international students support themselves through part-time employment, such as in the food service industry, where the average hourly wage is approximately 1,300 yen in Tokyo and 1,200 yen in Kyoto.

You cannot open a resident bank account that allows international money transfers until you have resided in Japan for at least six months. Until then, it is recommended open a non-resident account with Japan Post Bank.

2. National Health Insurance, International Student Compensation System, and National Pension

Students with a student visa will receive a Residence Card upon entry to Japan. Within 14 days of establishing your place of residence, you must submit a moving-in notification to your local city or ward office and enroll in the National Health Insurance.

Individuals enrolled in the National Health Insurance can utilize the International Student Compensation System provided by the All Japanese Educational Institution Mutual Aid Cooperative Association through the school. In accordance with regulations, this system covers the full amount of medical expenses paid out-of-pocket, provided that they exceed 3,000 yen for illnesses and injuries incurred while enrolled at the school. Additionally, all persons living in Japan, including international students, become insured under the National Pension system from the age of 20 and are obligated to pay pension premiums. However, international students can apply for the "Special Payment System for Students" (Gakusei Nofutokurei Seido), which allows the postponement of premium payments while enrolled. For further details, please consult with the school.

3. Part-Time Employment

International students can work part-time up to 28 hours per week (up to 8 hours per day during long vacation periods specified by school regulations) by obtaining "Permission to Engage in Activity Other Than That Permitted Under the Status of Residence Previously Granted" from the Tokyo Regional Immigration Services Bureau. However, employment in the adult entertainment industry or any related businesses is strictly prohibited.

4. Legal and Regulatory Violations

In the event of violations of Japanese laws, breaches of school regulations, poor attendance, or delinquency in tuition payments, disciplinary actions such as a reprimand, a warning of expulsion, or expulsion may be imposed in accordance with school regulations. As a general rule, students must maintain an attendance rate of 90% or higher while enrolled at the school.

5. Housing Support

The school does not operate its own student dormitories. However, upon request, information regarding affiliated real estate agencies and housing properties and assistance in establishing contact with those agencies can be provided. Please note that the successful securing of your preferred property is not always guaranteed.
